

## 2001/2002 Visiting Scientists

- Awardee: **Auer, Roland N.** (Pathology & Laboratory Medicine, University of Calgary)  
Sponsor: Cadet, Jean (CEA/Genoble, France)  
*Measurement of DNA oxidation.*
- Awardee: **Hatch, Grant M.** (Pharmacology and Therapeutics, University of Manitoba)  
Sponsor: Bernlohr, David A. (University of Minnesota, Minnesota)  
*Cloning and analysis of monolysocardiolipin acyltransferase.*
- Awardee: **Kang, ChulHee** (Biochemistry, Washington State University)  
Sponsor: MacLennan, David H. (Banting & Best Department of Medical Research, University of Toronto)  
*Structures of calcium regulatory proteins of the sarcoplasmic reticulum.*
- Awardee: **Michalak, Marek** (Biochemistry, University of Alberta)  
Sponsor: Puceat, Michel (Centre national de la recherche scientifique, France)  
*Cardiac differentiation of calreticulin deficient ES cells.*
- Awardee: **Van Eyk, Jennifer E.** (Physiology, Queen's University)  
Sponsor: Marban, Eduardo (Johns Hopkins University, Maryland)  
*Proteomic analysis unravels myocardial preconditioning.*
